integratie, 2007

Reinvention of the first stone ritual: the mayor Ilse Uyttersprot throws the last stone of Netwerk's renovation works over her shoulder into the river, as an appeasing gesture between an art centre and a city, reconciling art's longing for unburdened immateriality with a desire to launch a pact with the citizens.

Art integration announcement in Dutch, translated in the four languages of Belgium's major minorities, following the priceless linguistic patterns of Word-Lingo and Babelfish.
