

voor de achterkant van de saloncondities, 2006

Exhibition with Vaast Colson in CC Strombeek, curated by Luk Lambrecht, offering a rare look behind the scenes of one of Flanders' largest CC's ('culturele centra'), when it used to be a beacon of artistic commitment and knowledgeability.

Envelopes for the invitations were folded from internally administrative paper of the cultural center.

BIOPROGNOZA

Ciklonsko polje i atmosferski front koji će ujutro proći preko Balaknskog poluostrva uslovljavaće relativno nepovoljnu biometeorološku situaciju. Kod meteoropata su mogući problemi sa snom, razdražljivost i smanjena koncentracija, a nepovoljni uticaj vremenskih prilika osećaće i hronični bolesnici.

Region sa pozitivnom biometeorološkom prognozom

Region sa negativnom biometeorološkom prognozom

Region sa neutralnom biometeorološkom prognozom

Imate problem? Rešićemo ga. Pišite nam na adresu:
